## Create Your Legacy with Jewish Family Services

For over 145 years, JFS has helped families and individuals, regardless of race, religion, lifestyle or income.

As a member of our Legacy Society, you will ensure that:

- We continue to provide needed professional services on a sliding fee scale to anyone in need, regardless of their ability to pay.
- We remain a dependable resource for community members facing economic or personal challenges.
- We strengthen and empower individuals and families through counseling, case management, outreach and education programs.

Since 1867, Jewish Family Services (JFS) has provided comprehensive human services for the Milwaukee area Jewish and general community.

JFS provides supportive services that strengthen families, children and individuals throughout their life cycle within the context of their unique needs and traditions. We continue to meet the ever-changing needs of the community, most recently through the development of affordable housing for individuals and families at low to moderate income levels.

We are the recognized resource for high quality services that enhance the lives of those we serve. We enable our clients to adapt to change, reach their maximum potential and lead fulfilled lives.

Through our efforts:

- Individuals struggling with depression, anxiety and life transitions learn the problem-solving skills and receive the results-oriented therapy they need to be productive members of society.
- Adults with developmental disabilities and mental illness are provided affordable housing and are given the opportunity to achieve their fullest potential.
- Seniors achieve the independence and personal fulfillment they are seeking in a secure and stable environment
